

# LES PARCELLAIRES DE L'HERRÉ

## Chardonnay - IGP Côtes de Gascogne

### The Wine Estate

Domaine de l'Herré is located in the heart of Gascony, on the historic terroir of Bas Armagnac. At the borders of these very particular influences of the ocean and the Pyrenees, the richness and potential of these tawny sandy soils offer vineyards alternating sunshine and freshness.

In 2010, Pascal Debon acquired this superb estate of 100 hectares of vines, planted with Sauvignon Blanc and Gris, Chardonnay, Gros and Petit Manseng and Colombard. Very committed to an approach that respects the vines and nature, the Domaine is a pioneer in replacing vine protection products with natural biocontrol products.

### Wine making process

A historical Armagnac terroir, the Côtes de Gascogne vineyard extends over 20,000 hectares in the south of the Landes at the bottom of the Pyrenees. Its sunny slopes, cool nights and clayey-silt soils naturally make it the best white soil in the South of France. The grapes, harvested at night, are protected by organic yeasts instead of sulphates in order to avoid the development of undesirable micro-organisms.

The grapes are then placed in an Inertys nitrogen press to prevent any oxidation. After cold stalling and settling, the juices ferment slowly in vats controlled in temperature at 16°C.

### Dégustation

**GRAPES**  
100% Chardonnay

**ALCOHOL**  
13% vol.

**CELLARING**  
3 years

**COLOUR**  
Deep yellow with topaz reflections

**NOSE**  
Fresh nose of white flowers with accents of acacia, pear, orange and sweet almond

**PALATE**  
The palate is fresh, full, round and balanced, slightly brioched and buttery with notes of honey and candied lemon

**PAIRINGS**  
Aperitif, cooked shellfish, fish in sauce and white meats

**SIZE**  
75 cl
